

IN RESPONSE TO THE DEEP WATER HORIZON OIL SPILL

Dear Customers:

Blarney Castle Oil & Propane wants our customers to know that we feel strongly about the current situation in the Gulf of Mexico.

BP-branded gasoline is one of many products carried at our BP stores, but these gas stations are not owned by BP. They are owned and operated by Blarney Castle Oil & Propane, a local Michigan family business since 1933.

The McCarthy Family and the many dedicated employees of Blarney Castle share your sadness over the loss of life and devastating pollution that is affecting the Gulf of Mexico and coastal lands. We are equally anxious for the spill to be contained and for clean up efforts to be swift and exhaustive.

For more information on Blarney Castle Oil & Propane and our commitment to community, please visit the Community Connections portion of our website at:
